# INDOOR BASKETBALL

Rain or shine, Robin and L.J. are always ready to shoot some hoops. Create a mini basketball court so you can practice your shot... even when inside!

To make your court, you'll need:

- Plastic cup
- Paper towel
- Table or chair
- Small ball (ping pong, superball)
- Tape or string

Place a folded paper towel in the bottom of the cup to keep the ball from bouncing out. Then place the cup on the edge of a table or chair.

Create the free throw line by marking the ground in front of the table or chair with a piece of tape or string. Keep your toes behind the line. Game on!

For even more indoor fun, challenge a friend to a miniature game of H-O-R-S-E!
